Greetings from FICCI !

Inspired by the vision of Hon'ble Prime Minister to encourage startups to solve problems faced by industry by conducting hackathons, FICCI is excited to announce the launch of Phase 2 of the Bharat Hackathon for Startups, now expanded to encompass five additional sectors. It's a unique pan India initiative, offering platform to startups to address pressing issues faced by industries across various sectors. **FICCI is inviting problem statements from industry which will be shared with startups to come up with innovative solutions.**

Phase two sectors

1. Travel & Tourism
2. Sports
3. Food Processing
4. Financial Services
5. Education

This hackathon seeks to leverage innovation with a focus on tackling pressing challenges and driving transformative change. By fostering collaboration, FICCI intends to provide business opportunities to start-ups and encourage them to create cutting edge solutions for the real-world problems faced by industry. This would not only enhance innovation but will provide a fillip to the Startup ecosystem.
